Grains

Food oil prices have firmed as of late. Better economic conditions in Asia is encouraging imports and the ramp of the restaurant industry in the U.S. has encouraged domestic use. Limited world food oil supplies could underpin the markets into the summer. But further price gains in the U.S. are not likely to be substantial.

Description	Market Trend	Supplies	Price vs. Last Year
Soybeans, bushel	Increasing	Ample	Higher
Crude Soybean Oil, lb	Increasing	Good	Lower
