Grains

The food oil markets are starting to firm. Food service demand in the U.S. is improving. This factor and better food oil imports from China are helping support food oil prices. World food oil supplies are projected to remain historically limited. Thus, there may be more upside to food oil prices in the coming months.

Description	Market Trend	Supplies	Price vs. Last Year
Soybeans, bushel	Increasing	Good	Higher
Crude Soybean Oil, lb	Increasing	Good	Lower
Soybean Meal, ton	Decreasing	Good	Lower
