

Tomatoes (Large)

Avocado supplies have been especially tight in recent weeks due to harvest interruptions in Mexico. For the week ending November 14th, U.S. avocado imports from Mexico fell 70% from the previous week and were down 83% from the same week last year. The work stoppage is reported to have ended which should cause avocado supplies to improve in the coming weeks. Lower avocado prices are likely pending. The tomato markets could be somewhat erratic during the next few weeks as the chief harvest area shifts south in Florida. Price bases noted below.
