

ArrowStream

Seafood - The shrimp markets continue to trade well below year ago levels due in a large part to strong imports. During September, the U.S. imported 5.5% more shrimp than in 2017. Also dampening shrimp prices has been low wholesale and retail competitive protein prices including chicken. This factor is expected to persist which could temper the upside in shrimp for 2019. Prices fresh product, unless noted, per pound from Fisheries Market News

Description	Market Trend	Supplies	Price vs. Last Year
Shrimp (16/20 frz)	Steady	Good	Lower
Shrimp (61/70 frz)	Steady	Good	Lower
