

Seafood - The seafood markets have generally remained under downward pressure. This includes shrimp despite production challenges out of Asia due to COVID-19. U.S. shrimp imports during April were 5.9% more than the prior year. The elevated value of the U.S. dollar should fuel solid shrimp trade during the next several months. This factor and sluggish food service demand should weigh on the markets.

Description	Market Trend	Supplies	Price vs. Last Year
Shrimp (16/20 frz)	Decreasing	Good	Lower
Shrimp (61/70 frz)	Decreasing	Good	Lower
Shrimp Tiger (26/30 frz)	Decreasing	Good	Lower
